

RPW-XI Hydration Center

The RPW-XI Hydration Center redefines the water cooler experience with exceptional quality and a robust warranty. Standing tall at 68.5 inches with a convenient dispense height, it ensures comfortable access for all. The RPW-XI boasts a sleek, customizable touchscreen interface, adding an interactive element to its design. Experience the luxury of nearly limitless, medical-grade, alkaline drinking water on demand, chilled to your exact preference with customizable temperature settings and pre-set dispense amounts. This ultra high-capacity unit delivers a consistent supply of refreshing water, making it the ideal solution for any high-traffic environment.

RPW-XI Features:

- **Hyper-Chill Technology:** Fully wrapped cold tank for instant chilling.
- **Spacious Dispense Area:** 14.68-inch dispense height for comfortable use.
- **Fast Dispense Rate:** Delivers up to 4 liters of water per minute.
- **Modern Touchscreen Interface:** 15.4-inch full-color display with customizable options.
- **Ultra-Clean Technology:** Two in-tank LED UV lights and patented cold recirculation ensure pristine water quality.
